

Attend **“Zero Carbon, Zero Bills”** webinar, **7PM, July 21**. Cut your heating bill, electric bill and carbon footprint to zero (with 15% rate of return on investment)! Take advantage of NJ and federal incentives and increase house resale value.

Concerned about air pollution in homes and outdoors? Not to mention climate change?

On Thursday, July 21 from 7PM to 8:30, the NJ 50x30 Building Electrification Team features the **“Zero Carbon, Zero Bills”** webinar. [CLICK HERE to register](#)

The speaker is David Green, physicist and financial nerd. He describes what he did to earn a 15% return on his investments in heat pumps, insulation, triple-glazed windows and solar panels.

You'll be glad you attended. So will the Earth.

Your Building Electrification friends in NJ Chapter of the Sierra Club.
